Recent Projects

The Grand Hotel, Plymouth Hoe

LHC has undertaken the thorough and careful conversion of this landmark Grade 2* listed building to create 24 high quality apartments on Plymouth Hoe.

Devonport Extra Care, Plymouth

New 42-unit scheme designed as an integral part of the regeneration of the Devonport community area. A high specification residential facility, it provides for infirm and disabled occupants with full professional care.

Eco-Community, St Austell

Ground breaking development of 2000 homes in disused clay workings in Cornwall. LHC undertook the role of Executive Architect, master planner and architect, for delivery of a planning application.

Pier Street Apartments, Plymouth

Luxury residential development of 14 apartments on a prominent and sensitive sea front site in Plymouth, including landscaping. Effecting both the setting of a conservation area and registered park and garden.

Maritime Student Apartments, Falmouth

Delivering one hundred and forty five individual student micro apartments for a private developer client on a visually prominent site in Falmouth. The project was fast tracked using an innovative in-situ concrete frame technology.

Atlantic Village Outlet Shopping Centre, Bideford

LHC designed the original shopping centre and were asked to design a major extension which will more than double the site. The approved scheme comprises a main anchor unit with a footprint of 1900sqm and a new external shopping street defined by two further buildings sub dividable into smaller retail units.

34 Headland Road, Newquay

Responsible for leading the design team and contract administrator for a £5m luxury development of 18 apartments overlooking Fistral Beach in Newquay.

Yannons Farm, Paignton

Responsible for leading the team that is bringing forward a mixed-use development of 200 homes and a local centre from an outline approval previously obtained by LHC Urbanism.

Newton Abbot Extra Care, Newton Abbot

51 unit extra care scheme with specialist dementia unit as part of a mixed use scheme on the former Newton Abbot Hospital site.
