

Nick Perrett

Chartered Landscape Architect

BA (Hons) PGDip LA CMLI

Nick is an experienced landscape planner who is Principle Landscape Architect and director at Redbay design, a practice he created in 2006 to provide a bespoke and complete Landscape planning service to public and private sector clients.

Nick works in a collaborative way as part of multi-disciplinary teams including architects, engineers and ecologists. He combines horticultural knowledge with design flair and expertise to produce exciting design visions that translate into robust, functional and sustainable places with strong bio-diversity content.

Nicks portfolio comprises housing, re-newable energy schemes, parks and leisure facilities for the private and public sectors within rural and urban contexts.
